Guidelines for purchasing micro-credentials using the Shopping Cart

This guide provides instructions on how to purchase a micro-credential from either our online catalogue located on our Learning Management System, **Be Different**, or via the CQUniversity website. The guide will step you through how to:

- 1. Add a micro-credential to the shopping cart from the CQU website
- 2. Make a payment
- 3. Access your micro-credential via Be Different.

Anyone can access our micro-credentials. You do not have to be a CQUniversity student.

To access our micro-credential courses, you do need to set up an account with Be Different.

Be Different offers a range of short courses and micro-credentials, many of which are free. All our short courses and micro-credentials have a unique "code" called PDC which stands for Professional Development Course.

A micro-credential is an online course with assessment. Students will be awarded a digital badge on successful completion of the course.

Note: Not all courses are micro-credentials.

Adding micro-credentials to the shopping cart from the CQU website

Step One: Visit our web page on the CQUniversity corporate site: <u>Centre for Professional Development.</u>
